2. SCOPE OF WORK (TERMS OF REFERENCE)

The South African National Space Agency needs the services of a qualified and experienced graphic designer to design a range of items, including (but not limited to) adverts, posters, booklets, website layout, banners and exhibition booths. The services of the graphic designer might also be required for resizing and repurposing existing content.

The graphic designer will be required to provide Canva (design platform) training to the SANSA communications and other SANSA team members. The graphic designer will also be required to renew the Canva subscription and acquire other suitable design software and platforms on behalf of SANSA.

Best value incorporates the expertise, experience and technical proposal of the organisation and individuals who will be providing the service and the organisational capacity supporting the project team.

SANSA is committed to achieving Government's transformation objectives in terms of the Preferential Procurement Policy Framework Act.

The value of this bid is estimated not to exceed R1 million (all applicable taxes included) and therefore the **80/20** system shall be applicable.
