

Updated list of Cranes

The Table 1 below lists all the overhead cranes that need to be inspected, including the building name, crane number and tonnage.

Table 1: List of all cranes at Houwteq

No.	BUILDING	TON	Notes
1	232	5	Main Hall, incl. cat ladder/platform
2	232	5	EMC Loading Area
3	232	5	Radiometric lab
4	221	2	Jip crane
5	221	2	Jip crane
6	221	5	Bay 1
7	221	5	Bay 2
8	221	2	Jip crane
9	225	20+20	Bay 1 (large room)
10	225	10	Bay 2 (small room)
11	410	5	Workshop
12	227	5	Loading area
13	227	5	Preparation area
14	227	10	Shaker room
15	227	2	Acoustic chamber
16	227	5	Shackle – back room
17	231	2	Thermal vacuum back end

Building 232

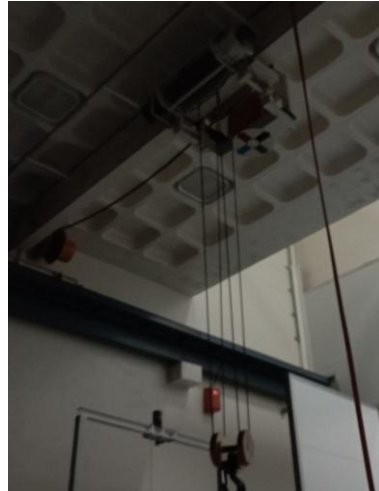

Main hall overhead crane (5Ton) - To include a cat ladder and platform for access to the crane.

Radiometric Lab (5Ton)

EMC test facility loading area (5Ton)

Building 221

5ton Crane (Bay 1)

5ton Crane (Bay 1)

Example of 2Ton jip cranes (total of 3)

Building 225

Bay1 (20+20Ton)

Bay 2 (10Ton)

Building 410

Workshop (5Ton)

Building 227

Shaker room (10T)

Loading Area (5T)

Preparation Area (5T)

Back Room (5T shackle)

Building 231 – Thermal Vacuum Test Facility

Back room (2Ton)
