B. REQUEST FOR QUOTATION FOR THE PROVISION OF QUALITY MANAGEMENT SYSTEM (QMS) IMPLEMENTATION SUPPORT FOR ISO 9001 CERTIFICATION

1. BACKGROUND TO SANSA

The South African National Space Agency (SANSA) is a Schedule 3A Public Entity that formally came into existence on 03 December 2010 in terms of the Public Finance Management Act (No.1 of 1999 as amended by Act 29 of 1999). According to the South African National Space Agency Act (Act 36 of 2008) the entity was established to:

"...provide for the promotion and use of space and co-operation in space-related activities, foster research in space science, advance scientific engineering through human capital and support the creation of an environment conducive to industrial development in space technologies within the framework of national government policy..."

The SANSA Act (Act No. 36 of 2008) provides the following primary objectives of the entity:

- Promoting the peaceful use of outer space.
- Supporting the creation of an environment conducive to industrial development in space technology.
- Fostering research in space science, communications, navigation, and space physics.
- Advancing scientific, engineering, and technological competencies and capabilities through human capital development outreach programmes and infrastructure development.
- Fostering international cooperation in space related activities.

2. SCOPE OF WORK (TERMS OF REFERENCE)

2.1. Background

The South African National Space Agency (SANSA) is committed to promoting a culture of excellence in stakeholder engagement and service delivery. As a public entity operating in the science, technology, and innovation sector, we interact with a broad range of internal and external stakeholders including government departments, research partners, academic institutions, and the public.

To ensure that all employees are aligned with the values of professionalism, responsiveness, and accountability, SANSA intends to implement an ISO-certified Quality Management System at its Pretoria office, based on ISO 9001:2015. This initiative is aligned with SANSA's core values and five-year strategy.

We are seeking a professional service provider to support, guide, and fast-track the implementation process. The scope will include the implementation of the ISO 9001:2015 Quality Management System while considering the proposed changes in the 2026 draft, conducting a certification readiness gap audit to

SCM-F-04 - RFP

identify areas requiring improvement, and developing an internal audit plan to continuous ongoing compliance and improvement. implementation must be complemented by practical, evidence-based capacity-building workshops for process owners, facilitated by professionals with proven experience in delivering similar programmes.

This is a multi-financial-year project that should not exceed 18 months from initiation to certification readiness.

2.2. Scope of Work

SANSA seeks to appoint a qualified ISO 9001:2015 consultant or service provider to manage the full lifecycle of ISO 9001:2015 implementation at its Pretoria Office, including planning, execution, and certification readiness.

The scope of service is limited to the three programmes based at the Pretoria site:

- Administration (83 employee)
- Space Engineering (11 employee)
- Earth Observation (34 employee)

The project will commence in Quarter 4 of the 2025/26 financial year and run for 18 months, divided into three (3) phases with the following deliverables:

Phase 1 (2 Months): Planning Phase

- 2.1. Review findings of SANSA's QMS gap analysis audit and corrective action plans.
- 2.2. Review current documented information (Policies, Processes, Work Instructions, Templates), identify areas for improvement and issue review report.
- 2.3. Identify undocumented core processes, document a report and guide process owners on documentation.
- 2.4. Develop a detailed project plan with timelines, milestones, and resource allocation.

Phase 2 (8 Months): Implementation Phase

- 2.5. Refine the scope of QMS and its boundaries.
- 2.6. Improve QMS structure and control of documented information to align with ISO 9001.
- 2.7. Arrange and conduct QMS implementation workshops with process owners and teams.
- Guide process owners to improve documented information (Policies, Manual, 2.8. Procedures, Forms, Records).
- 2.9. Conduct capacity-building workshops (3 physical sessions) for process owners to document core processes.

- 2.10. Perform project management and provide status reports monthly.
- 2.11. Provide tools and templates for audit planning and reporting.
- 2.12. Plan and schedule 4 internal QMS audits aligned with ISO certification requirements.

Phase 3 (8 Months): Support Phase

- 2.13. Act as lead auditor for planned internal QMS audits (at least 4) and issue audit reports.
- 2.14. Coach process owners on change management processes.
- 2.15. Conduct mock audits and readiness assessments.
- 2.16. Assist with ISO certification Stage 1 and Stage 2 audit readiness.
- 2.17. Provide technical support to the Bid Specification Committee (BSC) during procurement of the certification body.

3. BRIEFING SESSION

There will be a briefing session on the 12 December 2025 at 11:00. Briefing session will be held virtually on Microsoft Teams, bidders who are interested to attend the compulsory briefing session must indicate by sending an email to lmoloele@sansa.org.za on or before 11 December 2025 at 16:00 to receive Microsoft Teams details.

C. EVALUATION CRITERIA

SANSA promotes the concept of "best value" in the award of contracts, as opposed to merely looking for the cheapest price, which does not necessarily provide the best value. Best value incorporates the expertise, experience and technical proposal of the organisation and individuals who will be providing the service and the organisational capacity supporting the project team.

SANSA is committed to achieving Government's transformation objectives in terms of the Preferential Procurement Policy Framework Act.

The value of this bid is estimated not to exceed R1 million (all applicable taxes included) and therefore the **80/20** system shall be applicable.

Please Note: the above amount (R1 million) is not the budgeted amount for this project, but it is the Treasury threshold for written price quotations.

The procedure for the evaluation of responsive tenders is **price**, **functionality** (**quality**) **and preference** method. The evaluation of the bids will be conducted in the following two stages:

- Firstly, the assessment of quality will be done in terms of the evaluation criteria (Table 3) and the minimum threshold of 80 points explained below. A bid will be disqualified if it fails to meet the minimum threshold for functionality as per the bid invitation.
- Thereafter, only the qualifying bids are evaluated in terms of the 80/20 preference points systems, where the 80 points will be used for price and the 20 points will be awarded to a bidder for attaining the specific goals in accordance with the Table below.

1. Preference

Specific goals for this RFP and number of points are indicated as per the table 1 below.

Proof of the specific goals below must be attached and submitted with the bid document in order to qualify for the preference points (specific goals).

Note to tenderers: The tenderer must indicate how they claim points for each preference point system.)

3. Quality/Functionality:

Scores will be tabulated to 100 points. Respondents must score **80 points** and over to be assessed on their financial offer (Price) and preference (specific goals) score.

The allocation of points for the evaluation of quality/functionality is set out in Table 3 below:

Table 5: Quality/Functionality Criteria

Criteria	Maximum
	Points
Approach and Methodology	50
Company Experience	25
Qualifications and Experience of Facilitator	25
Total evaluation points for quality (functionality)	100

Evaluation criteria 1: Methodology and Proposal Outline (50 points)

- The service provider should demonstrate a systematic and thorough approach to project management. A clear and detailed project plan must be provided, aligned with the Project Phases & Deliverables outlined in scope of work. Their methodology should reflect recognised best practices and comply with applicable regulatory requirements, ensuring effective implementation and delivery.
- The scoring of the proposed approach will be as follows:

	Methodology
Non-Responsive	Service provider has not provided a methodology.
(score 0)	
Poor	The proposal is poor or is unlikely to satisfy project objectives or
(score 15)	requirements. The service provider has misunderstood certain aspects of
	the scope of work and does not deal with the critical aspects of the
	scope.
	The proposal omits important outcomes and understanding of the scope
	of work is inconsistent with the approach paper.
Good	The proposal is specifically tailored to address all scope of work
(score 35)	objectives and requirements; and is sufficiently flexible to accommodate
	changes that may occur during execution.

	The work plan fits the scope of work; all important activities are indicated,
	and their sequencing is appropriate and consistent with project
	objectives and requirements.
	There is a fair degree of detail that facilitates understanding of the
	proposed scope of work.
Excellent	Besides meeting the "good" rating, the important issues are approached
(score 50)	innovatively and efficiently, indicating that the service provider has
	outstanding knowledge of the deliverables.
	The proposal details ways to improve the project outcomes and the
	quality of the outputs. The proposal has included value-added services
	that are relevant to the project.

Evaluation criteria 2: Company experience (25 points)

The bidder must have over five (5) years' related experience and submit at least three (3) valid reference letters on official company letterhead from organisations where they have provided ISO 9001-based Quality Management System (QMS) implementation support services.

The bidder's experience in similar projects or related areas relevant to the scope of work will be assessed.

Failure to show over five (5) years related experience and providing 3 relevant reference letters will result in a score of zero in this category.

	Company experience
Score 0	No relevant experience
Fair	3 - 4 years of experience
(score 5)	The service provider must attach 3 reference letters
Good	5 years of experience
(score 20)	The service provider must attach 3 reference letters
Excellent	Over 5 years of experience
(score 25)	The service provider must attach 3 reference letters or better

Evaluation criteria 3: Qualifications and Experience of Facilitator (25 points)

The experience of the proposed lead implementer and his/her team will be evaluated. Their qualifications and experience in QMS field will be assessed against the scope of work. (Attach CV/profile and qualifications of the lead implementer and team members.

3.1 The lead implementer must have the following qualifications:

3.1.1 Education

Minimum: Diploma/Degree in Quality, Engineering, or related fields.

3.1.2 Formal Training

Completed a SAATCA-registered ISO 9001:2015 Lead Auditor course (typically 5 days) aligned with ISO 19011 and ISO/IEC 17021 standards and ISO 9001:2015 implementation course (typically 5 days)

	Trainer's Experience
Score 0	Service provider did not attach copies of CVs and qualifications, and
	the project team does not have the relevant experience required.
Fair	Facilitator has 1–2 years of experience and a minimum
(score 5)	Diploma/Degree in Quality, Engineering, or related fields.
	Attach copies of CVs and qualifications of the lead implementer.
Good	Facilitator has 3–4 years of experience and a minimum
(score 20)	Diploma/Degree in Quality, Engineering, or related fields.
	Attach copies of CVs and qualifications of the lead implementer.
Excellent	Facilitator has 5 years or more of experience and a minimum
(score 25)	Diploma/Degree in Quality, Engineering, or related fields.
	Attach copies of CVs and qualifications of the lead implementer.
